

MATERIAL SAFETY DATA SHEET
VEDCO DERMALONE OINTMENT 30 ml

SECTION 1 - PRODUCT INFORMATION

Manufacturer: Med - Pharmex, Inc. / Biomed Labs
Address: 438 W. Arrow Highway
Unit 30, San Dimas, CA 91773
Emergency Phone: (714) 592-4679
Trade Name: Derma-Vet Ointment, Dermalone, Panavet Ointment
Chemical Name And Synonyms:
Chemical Family: Antibiotics and Anti-inflammatory steroid.
Formula: See product insert and/or label

SECTION 2 - HAZARDOUS INGREDIENTS

NA

SECTION 3 - PHYSICAL DATA

Boiling Point (Deg F):
Vapor Pressure (mm Hg): NA
Vapor Density (Air = 1): NA
Solubility In Water: Non-Miscible
Appearance And Odor: Pale yellow ointment with a semi-solid consistency.
Specific Gravity (H₂O = 1): 0.825 @ 25 C
Volatile By Volume: NA
Evaporation Rate: NA
Melting Point:

SECTION 4 - FIRE AND EXPOLSION HAZARD DATA

Flash Point (Method Used): 415 F
Flammable Limits:
Extinguishing Media: Use dry chemicals, foam or carbon dioxide.
Special Fire Fighting Procedures: None
Unusual Fire And Expulsion Hazards: None

SECTION 5 - HEALTH HAZARD DATA

Threshold Limit Value: See product insert and/or label.
Effects Of Overexposure: See product insert and/or label.
Emergency First Aid Procedure: See product insert and/or label.

WARNING: Clinical experimental data have demonstrated that corticosteroids administered orally or by injection to animals may induce the first state of parturition if used during the last trimester of pregnancy and may precipitate premature parturition followed by dystocia, fetal death retained placenta and metritis.

Additionally, corticosteroids administered to dogs, rabbits and rodents during pregnancy have resulted in cleft palate in the offspring. In dogs, other congenital anomalies have resulted; deformed forelegs, phocomelia, and anasarca.

PRECAUTIONS: Dermalone Ointment is not intended for the treatment of deep abscesses or deep-seated infections such as inflammation of the lymphatic vessels. Parental antibiotic therapy is indicated in these infections. Dermalone Ointment

(Nystatin-Neomycin Sulfate-Thiostrepton-Triamcinolone Acetonide Ointment) has been extremely well tolerated. Cutaneous reactions attributable to this use have been extremely rare. The occurrence of systemic reaction is rarely a problem with topical administration.

There is some evidence that corticosteroids can be absorbed after topical application and cause systemic effects. Therefore, an animal receiving Dermalone Ointment therapy should be observed closely for signs such as polydipsia, polyuria, and increased weight gain. This ointment is not generally recommended for the treatment of deep or puncture wounds or serious burns.

Sensitivity to neomycin may occur. If redness, irritation or swelling persists or increases, discontinue use. Do not use if pus is present since the drug may allow the infection to spread. Keep this and all other medications out of reach of children.

Avoid ingestion. Oral or parenteral use of corticosteroids (depending on dose, duration of use and specific steroid) may result in inhibition of endogenous steroid production following drug withdrawal.

SECTION 6 - REACTIVITY DATA

Stability: () Unstable (XX) Stable

Conditions To Avoid: Heat and Sunlight

Incompatibility (Materials To Avoid): Strong oxidizing agents

Hazardous Polymerizations: () May Occur (XX) Will Not Occur

Conditions To Avoid: Heat and light

SECTION 7 - SPILL OR LEAK PROCEDURE

Steps To Be Taken In Case Material Is Released Or Spilled:

Use dry absorbant chemicals: avoid strong oxidizing agents.

Waste Disposal Method:

As per federal, state and local regulations.

SECTION 8 - SPECIAL PROTECTION INFORMATION

Respiratory Protection (Specify Type): Not Needed

Ventilation:

Local Exhaust: Yes

Mechanical (General):

Special:

Protective Gloves: Not necessary

Other Protective Equipment: Wear goggles

SECTION 9 - SPECIAL PRECAUTIONS

Precautions To Be Taken In Handling And Storing:

Store at room temperature. Refer to label for storage conditions.

Other Precautions: None

NOTES, THE INFORMATION CONTAINED IN THIS MATERIAL SAFETY DATA SHEET IS PROVIDED IN GOOD FAITH AND IS ACCURATE TO THE BEST OF OUR KNOWLEDGE. HOWEVER, THE MANUFACTURER ASSUMES NO WARRANTIES EXPRESSED OR IMPLIED. USERS OF THESE PRODUCTS ARE ADVISED TO VERIFY THAT THE INFORMATION IS SUITABLE TO THEIR PARTICULAR PURPOSES PRIOR TO THEIR USE OF THEM.
