

Vedco, Inc.
U.S. Minimum Advertised Price Policy

Effective August 18, 2025, Vedco Inc. (“Vedco” the “Company” or “we”) has unilaterally established the Minimum Advertised Price Policy (the “MAP Policy”) set forth below.

1. Policy Statement. We recognize that our success is tied to a network of select authorized resellers, which are knowledgeable about our products and are committed to exceptional customer service. To ensure that our customers are receiving the highest quality care and support, we have established this MAP Policy. We believe this MAP Policy will not only create a fair and even playing field for all our resellers, but will also lead to increased and sustained sales.

This MAP Policy is a unilateral policy created and implemented by Vedco. We will not invite or accept any input into how the policy will be administered or maintained. This policy does not reflect or constitute an agreement between Vedco and any authorized distributor, reseller, or any other person or entity. By issuing this policy, we are not seeking any agreement from any entity.

2. General Guidelines.

a) This MAP Policy relates to the Company’s Products (the “Products”) and their corresponding minimum advertised price (the “MAP Price”), each as set forth on Exhibit A.

b) We reserve the right to modify the Products and their MAP Price at any time in our sole and absolute discretion. Changes to the MAP Policy will be posted publicly and available on our website. We expect that you periodically review the website to remain in compliance with any updates to this MAP Policy.

c) This MAP Policy applies to advertised prices, and it applies to all resellers, whether selling online or in “brick and mortar” stores. This MAP Policy does not apply to the price at which the Products are actually sold. We recognize that you are free to make decisions related to the price at which the Products are sold without consulting the Company.

d) We believe in maintaining a fair and competitive marketplace for all of our resellers; if you have any questions related to this MAP Policy, please feel free to contact Jonathan Whitt at jwhitt@vedco.com.

3. Advertising Guidelines.

a) It is the Company’s policy that Products be advertised at or above the MAP Price, as set forth on Exhibit A.

b) The MAP Policy applies to all advertisements of the Products in any and all media, including, but not limited to, flyers, posters, coupons, mailers, inserts, newspapers, magazines, catalogs, mail order catalogs, television, radio, public signage, and on the Internet or similar electronic media, including, but not limited to, distributor and dealer websites, banner ads, gun boards, and auction sites.

c) Any advertisement that offers discounts, rebates, coupons, gift certificates, store credit, or bundled products (including with non-Vedco products) or free services that results in a net advertised price below the MAP Price is a violation of this MAP Policy. For example:

- Advertising Products with store-wide discounts that reduce the net advertised price below MAP.
- Advertising multiple Products for a single price less than the combined MAP Price.
- Advertising Products through online auctions where the minimum bid is below MAP.

Notwithstanding the foregoing, these types of discounted offerings are permissible to the extent the final net price is only shown “in cart.”

d) The Company may deem any action as non-compliant with this MAP Policy if it is intended to circumvent or has the effect of circumventing the letter or spirit of the MAP Policy.

4. Enforcement

a) The Company does not intend to do business with resellers who compromise the integrity of the Company’s brand and the Products. In the event that the Company determines that you have not adhered to this MAP Policy, the Company may either: (i) temporarily suspend your account with the Company; or (ii) cease doing business with you and no longer sell any Products to you. In such instances, the Company reserves the right to cancel any pending orders or restrict future orders.

b) Before suspending or terminating your account, we may inform you that your Product listings do not comply with the MAP Policy. If you fail to adjust your advertised prices after such notice, then we may take any action consistent with this MAP Policy.

c) We may from time to time permit you and other resellers to advertise the Products below their MAP Price. In such event, we will inform you of the Products which may be advertised below their MAP Price and the length of time you may advertise such Products at that price.

d) The Company shall be solely responsible for: (i) determining whether a reseller has failed to adhere to this MAP Policy, (ii) communicating decisions to resellers regarding this MAP Policy, and (iii) receiving communications from sellers regarding this MAP Policy. The Company’s sales personnel and independent sales representatives have no authority to modify or grant exceptions to this MAP Policy, nor do they have any authority to communicate to resellers with regard to complying with this MAP Policy.

This MAP Policy is being unilaterally adopted by the Company and we are not asking you to sign this MAP Policy, nor will we accept any type of acceptance of this MAP Policy. We nevertheless thank you for reviewing this MAP Policy and look forward to doing business with you going forward.

Sincerely,

Craig Campbell
General Manager
